The Passion

Digital Scorpions is the result of vigour, relentless enthusiasm, zeal and passion – yes! We are a passionate lot set to do some pioneering work and hopefully be a prime source of a big change to the society in near future. We love to dream big because we firmly believe that dreams and aspirations drive us to success. Goals are to be set in order to achieve targets.

The business philosophy of Digital Scorpions stretches way beyond merely earning profits. They border closely to realizing a dream – a dream of prosperity and excellence in all spheres of activities. We are looking for a brighter tomorrow but not at the expense of the present.

Speaking about the company's assets we believe that well trained, well-informed, satisfied employees with a strong work ethic to succeed can work wonders for the company. People are our greatest assets; they are the assets that do not depreciate. Thanks to the company's Management for infusing a "We" feeling among the employees. We always believe that it's the energetic people who can make a real difference.

The difference between us, at Digital Scorpions and the corporate world in general is the zeal and passion towards a better tomorrow. To look into the practical side of life, we are doing business differently. Our sincere attempt is to change the existing system of life for the betterment of the society. For us our business etiquette will always be Profit and Satisfaction for One and All.

The Vision

Digital Scorpions has started its journey towards ultimate success and it has its eyes set on the coming days. “Values” – all our work, business policies, and aspirations grow around this word. The company is striving for excellence both in the community sector and also in the business perspective.

Digital Scorpions is dishing out all possible resources for the development of a techno-savvy society through its different projects. It is determined to bring about changes in the modern world by the gradual processes of “thinking, speaking, imagining, and doing.”

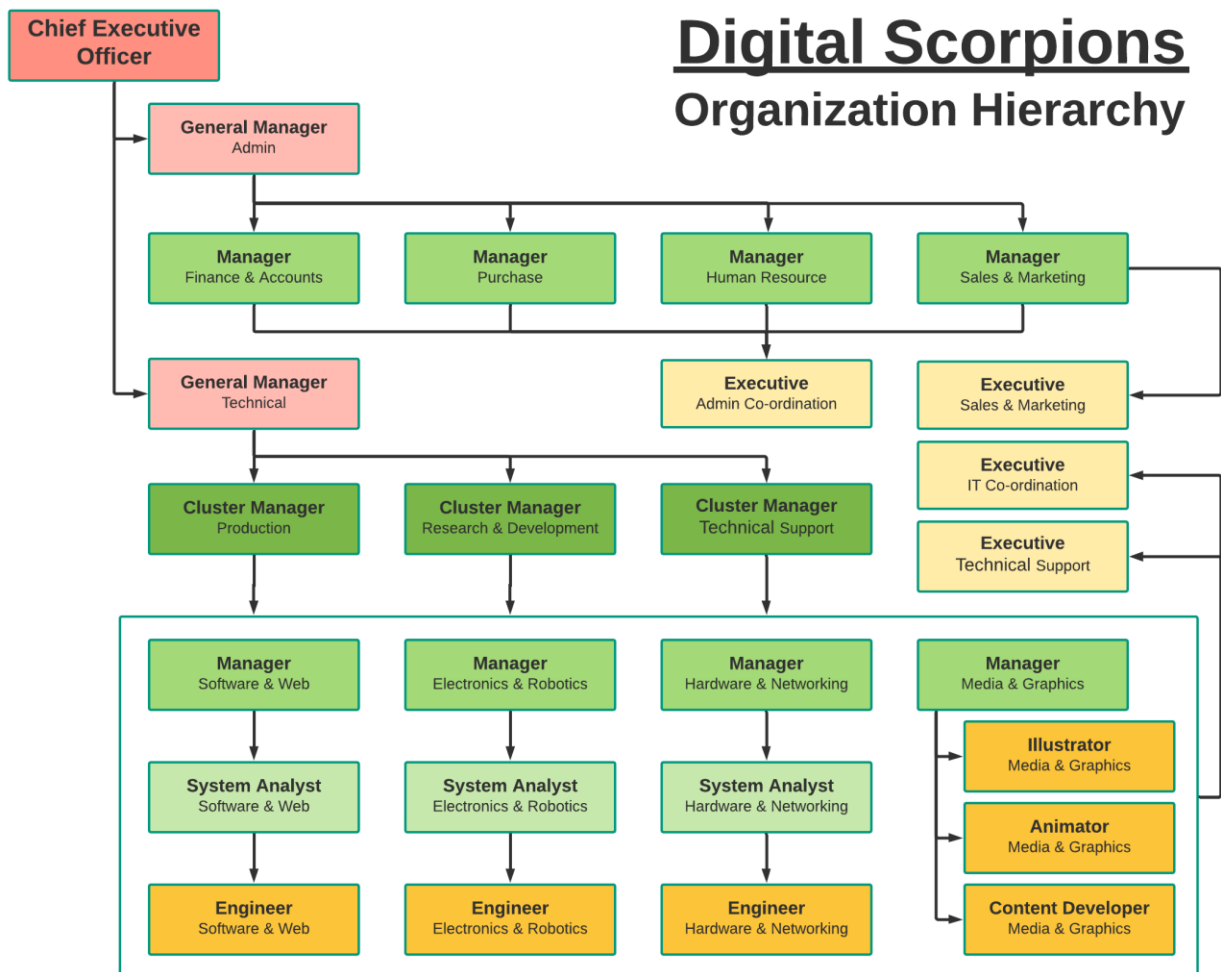

All our actions are ultimately aimed towards building bonds of relationships, eventually leading to customer delight. Service without an element of human touch is incomplete and we strive towards offering personalized services to our clientele. The ultimate goal is to ensure satisfaction of our clientele at maximum extent by providing total IT solution.

Our goal in this new era of technology is to provide solutions for all possible problems and be established as a standard for tomorrow. No doubts that the people associated with us believe that “Problems will cease to exist in the vicinity of Digital Scorpions.”

Infrastructure

Capability depends on the determination! That’s what we believe at Digital Scorpions. And it is the belief that empowers us to successfully execute a huge volume of projects & satisfy our clientele with quite a small team of technically equipped engineers.

From CEO's Desk

Mankind has witnessed greater change in the last two decades than since the birth of life and the universe. But change in today's fast paced world is unparalleled. The winning formula is to be the source of that change. Digital Scorpions is devoted to work towards this goal. We at Digital Scorpions firmly believe that "If you always do what you've always done, you'll always get what you always got", in other words the growth curve will be horizontal.

For me, software development is a field of "Artistic-Science". It is like artistically dreaming about something. And, after that, scientifically design it and develop it to bring it into existence. When you talk about something which doesn't exist, the World would definitely look at you as if you are crazy. (Believe me, I have faced it several time in my carrier.) Now it is your turn to show the world - YES! It IS possible.

Thus, you can see that the way to success is quite simple... Prove your-self and acquire the trust. And I thank all my co-workers, clients and associates for your trust in us. Thank you.

With thanks & regards,

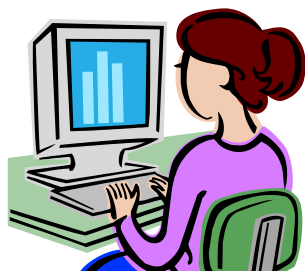

Mr. J. R. Chowdhury
CEO & GM, Technical
Digital Scorpions, India

Our Services

We have a host of services related to the field of Information Technology & Digital Multimedia and in the field of Computerised Surveillance & Security. Our services include:

Customized Software Solution

Being the core competences of our organization, customized Software Solution Development holds the major share of our total business turnover. With the experience of more than a decade our Engineers have successfully executed several prestigious development projects in the various industry verticals like:

- Accounts
- Cost Monitoring
- Production
- Inventory Control
- Sales Monitoring (Primary & Secondary)
- Purchase
- Logistics
- Academic
- HR
- Payroll
- Medical & Health Care
- Export - Import
- Quality Control

Our success story includes several benchmarking performance in our innovation & development which provided us with a secured place in the field of customized solution development in the IT industry. Solutions developed by us can be categorized broadly in the following four basic groups:

- Standalone Desktop Apps
- Multiuser Client-Server Apps
- Online Internet / Intranet Apps
- Hybrid Multiplatform Apps

With the most efficient team of Engineers, Digital Scorpions boasts to overcome any challenges as far as software development is concerned.

Static & Dynamic Web Solution

In today's competitive scenario, an organization requires intense visibility in order to sustain in their business. Here comes the role of Websites. Internet is basically the media that virtually connects millions and millions of casual and official net surfers, day in and day out. This is what we generally define as World Wide Web.

Digital Scorpions invites you to be a part of the amazing world of InfoTech and become a voyager of Information Super Highway. Believe us; we can literally help you to get noticed by the World.

Our highly experienced graphic designing team can practically create wonders to suit your choice and requirements. Do not hesitate to take views from our previous clientele.

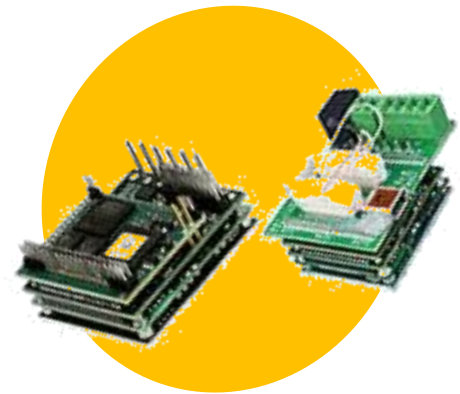

We have expertise in development in the following segments:

- Static Responsive Web Profile
- Dynamic Web Utilities
- Web API for Digital Interfacing

Beside development of sites, Digital Scorpions also takes up Annual Maintenance Contracts for existing websites of any organization.

Electronics & Robotics Solution

Technology is developing at a bewildering rate across the board these days. Thanks to the parallel growth in the field of Electronics & Robotics, the machines are becoming more intelligent, fault-tolerant and self-dependent up to a remarkable extent. The benefits are apparently visible in the functionality of the modern industry in terms of safety, speed, consistency, perfection and overall productivity.

Digital Scorpions is becoming a trusted name in industrial automation. Bringing together expert engineers, integrators, designers, programmers, and support personnel, we are confident to serve the best result to our clients.

Web Domain & Hosting

Digital Scorpions has its business tie up with one of the biggest ICANN accredited domain registrars in India which is trusted by 1,00,000+ domain owners across the World. With a support system so dedicated and a product offering so feature-rich Digital Scorpions has come to be one of the most trusted domain registrars in Eastern India.

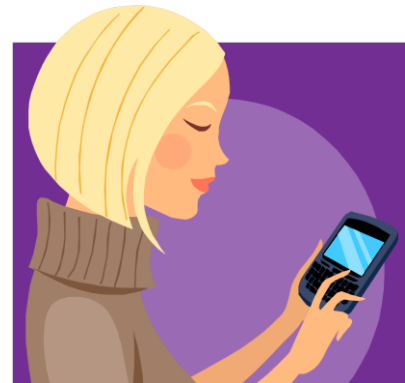

Our Live Web Hosting Servers equipped with latest available technologies and collocated in state-of-the art Class IV Data Centre can offer your organization with a secure and stable Web platform.

Thus, our affordable Web Domain Registration & Hosting along with a host of free associated services allow you to do all that and much more with absolute ease.

Online SMS & VoIP Service

With our SMS & VoIP Gateway you can immediately send or schedule a generic SMS or an automatic Voice Call (text to speech) to all recipients or custom message to each recipient based on templates as per your business needs.

We also provide an Application Programming Interface (APIs) which is a dynamic & convenient way to connect to our Core Messaging Platform. SMS & VoIP API provides an easy, efficient and flexible option to integrate with your website / application, facilitating auto-generated SMS & Voice Calls to be delivered to the intended recipients.

We also deal in Transactional SMS which can reach a mobile number even registered under TRI DND List (Telephone Regulatory Board of India Do Not Disturb List) provided the template ensures that the message is relevant information and not a marketing advertisement. Thus, in case you want to enable your existing applications with SMS or Voice capabilities... Yes! It is possible now.

Wired & Wireless Networking

Communication technology has evolved to become the epicentre of any enterprise. This is where your organization needs a dependable team that specializes in analyzing, designing, optimizing and upgrading of IT Network infrastructure arises.

Digital Scorpions provides a comprehensive range of IT Data Communication Solutions which includes Designing and consultancy, Structured cabling, Switching, Routing, Optical fibre cabling, Network auditing, Wireless network, Unified Communications & Managed Leased Line Network (MLLN) technology Services.

We also specialize in providing point-to-point long distance wireless trunk networking solutions for multipurpos data communication.

Security & Surveillance Networking Solution

Electronic Security & Surveillance systems are becoming a popular security feature in public places, schools & businesses. Simply having a video surveillance system that is visible to the public can act as a deterrent. Digital Scorpions is growing fast as a security & surveillance network solution provider in Eastern India.

We resolve customer's business management hindrances by providing simple and cost effective solutions thorough effective use of Technology.

Computer Hardware Repairing Service

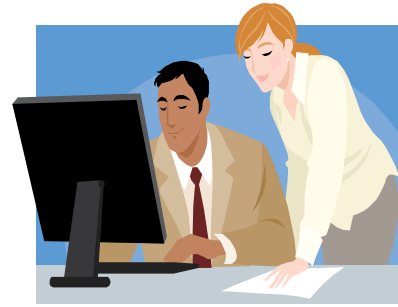

Digital Scorpions has a fully equipped service unit for Desktop Computer / Laptop repairing based in Kolkata. We provide on-call & AMC service to our clients in anywhere in the state of West Bengal. We are also looking forward to increase our service territory to entire Eastern India in near future. Our services include:

- PC & Laptop Repairing
- Chip Level Repairing
- Printer Repairing
- Accessories Repairing
- Software Installation
- Data Recovery
- Password Recovery
- Virus Protection

Corporate IT Training Service

Benjamin Franklin once rightly said... "An investment in knowledge pays the best interest"? Modern enterprises have realized that corporate training is critical to the success of any business. The employees are the powerhouse behind what an organization does, so helping them to increase their knowledge & improve their professional skills will only boost the business in terms of efficiency & motivation.

We provide Industry specific tailor-made IT training curriculum for corporate houses. We have expertise in the following subjects:

- IT in Project Management
- Basic Hardware Knowledge
- CAD in Engineering
- Basic Computing

Graphics Designing

Our content development & graphics team was initially functional to support in-house development. However, the outstanding visualization & professional output of the unit always gained special appreciation from our clientele.

Our modelling & animation team has proved their excellence in the relevant field with the recognition of their work from the industry segment. Many of their work assignments have been awarded as best multimedia media presentation in various competitions across the globe. Eventually market demand drove this unit to come up as a full-fledged designing house.

Services we offer from this unit are as follows:

- Logo Designing
- 2D / 3D Structural Modelling
- Print Media Advertisement
- Mechanical Workflow Animation
- Online Static Advertisement
- Virtual Walkthrough Animation
- 2D Frame Animation

Corporate Video Presentation

A film / video presentation is highly impact because it combines the best elements of audio, video, and text. These three elements need to be present in balanced paradigms to create engaging presentations. There are many aspects of developing a successful film/video campaign, and we excel at all of them.

We believe that every video we create for a company can go a long way in sealing the brand reputation of the company.

Our videos therefore have both immediate appeal, and long term applicability.

Media Designs can help you with film and video services in the following ways:

- Corporate Documentaries
- Demo Videos
- Marketing Video
- Training Video
- Media Advertisement
- Promotional Videos
- Safety / HR Videos
- CSR Videos
- Industrial Photography

Integrating a variety of multimedia tools including graphics, animation, sound and video, Digital Scorpions delivers impressive Interactive Presentations that excite your clients motivating them to buy your products and services. The documentation we can develop for you are as follows:

- Interactive Company Profile
- Online Marketing Tool
- Digital Product Catalogue
- Bio Informatics
- Product Demonstration
- Digital User Manual
- Interactive Walkthrough Animation
- Interactive Structural Modeling

SEO & Digital Marketing

With the growth of the Internet, more people are spending their time online. Now a days more than 7.7 billion people use the Internet across the globe. It has become an integral part of everyday life to conduct searches, check social media, and purchase products online.

When customers are online, digital marketing becomes obvious option. They're browsing the web looking for products or services. If they can't find them just because you don't have an online presence, you risk losing those leads to your competitors.

Thus, digital marketing & Search Engine Optimization (SEO) has been proved to be one of the most valuable assets for the growth of any business in modern tech-savvy World which establishes an authoritative online presence for your target customers. Additionally, methods like pay-per-click (PPC) advertising can increase brand awareness as much as 80 percent according to the global survey.

The Digital Marketing team of Digital Scorpions focuses on growing your business successfully by increasing online traffic to your web catalogue. We can help you design an Internet marketing campaign that can help you reach your goals.

Corporate E-mail Service

The importance of email in business communication cannot be underestimated as it is considered as a legally accepted proof of communication now a days. Not only does email enable immediate response, it also ensures you keep track of all outgoing and incoming communication. Email is also cost-effective and provides invaluable marketing opportunities.

Unlike a personal email account, where data security is in less priority, corporate e-mail IDs are created by an organization for business purposes for their employees where Higher

Data Security, Multi-level Authoritative Control & Data Archival are the primary requisite.

Our affordable Corporate E-mail Service, along with a host of free associated services like Auto Acknowledgement, Spam Protection, POP/SMTP Service, and many more, fulfil all your corporate digital communication needs.

Products We Sell

Along with the IT enabled services that we provide, we also deal in various IT related product lines to ensure one point solution for our clients.

Our product ranges are as follows:

Computer Hardware & Peripherals

Digital Scorpions also caters to the needs and requirements of the Computer Hardware, Peripherals & Networking segment. Primarily designed to fulfill the needs of the Software counterparts, the increasing demand of Hardware & related services from our clients has caused this segment to work at a remarkable pace and gather accolade from near and far. It has become one of the most indispensable segments of the company as it brings totality in our service now.

Here is a list of few brands that we deal with:

lil PC ... The Revolution

The ambitious “Digital India” plan of Government of India aims to digitally connect all of India's villages by broadband Internet & universal phone connectivity, promote e-governance and transform India into a connected knowledge economy. This is a truly visionary and commendable initiative.

However, to implement this vision in a country where most of the population resides below poverty

level in rural and suburban areas is very challenging due to their huge disparity of affordability with the urban India.

Off-the-Shelf Software Products

World-wide trends indicate a swift increase in preference to Commercial-off-the-shelf software in comparison to Custom Made software solutions due to the advantages of use of these readymade software packages in terms of shorter Purchase & implementation time, less Cost of implementation, better platform independence & system reliability.

Digital Scorpions deals in all major brands of Off-the-Shelf Package Software & User Licenses. We deal with following bands:

Wired & Wireless Networking Devices

We have taken over and successfully executed complete turnkey networking projects in major Banking Sectors, Academic Institutions and numerous small & medium business houses.

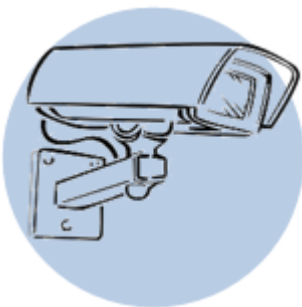

With the introduction of Point-to-Point & Point-to-Multipoint Wireless Communication Devices in our product line, we are now capable of providing dedicated Private Wireless Trunk Networking Solutions on demand for multipurpose data communication. Our product line includes cutting age networking devices like:

- Network Switches
- Network Connectors
- Optical Switches
- Multiplexors
- Fibre Optic Connectors
- Optical Fibre Cables
- P2P Wireless Communication Devices
- Network Racks
- Patch Panels
- KVM Switches
- CAT 5 & 6 Cables
- Network Routers
- Wireless Routers
- P2MP Wireless Communication Devices

Here is a list of few brands that we deal with:

Wired, Wireless & IR Night Vision Surveillance Devices

Digital Scorpions have a strong and dedicated team to provide sales & after sales service to our esteemed clients in the field of installing Surveillance Systems. One of our main strengths is our huge experience in the field of installing automation systems for different types of clients. We have provided most effective automated security systems for various business houses as well as for Government Organisation.

We have our business tie up with leading OEM brands of Surveillance Industry of our country. Specifications of Surveillance Cameras that we can provide are as follows:

All our products certified are in compliance with the defined quality standards in the respective field.

Our product line includes following equipments & devices:

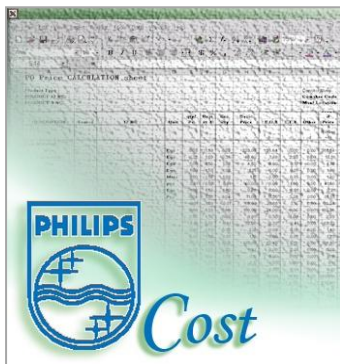

- Time Attendance & Access Control Systems
 - o Magnetic Card Based
 - o Radio Frequency Based
 - o Biometrics Based
- Long Distance RF Card Reader
- Electro-Magnetic Locks & Accessories
- Personalized Identity Cards
 - o Barcode Based
 - o Magnetic Card Based
 - o Radio Frequency Based
- USB Barcode Reader
- USB Finger Print Reader

Highlights & Benchmarking

Product Cost Management Solution

for Philips India Ltd.

Our Software wing has conceptualized & developed Product Cost Management Solution for Philips India Ltd. This utility helps the organization to monitor & update hierarchical interdependencies in production cost of all components manufactured by their co-makers across the country.

This software program is reported to be 100% bug free & functional in its six years of life cycle.

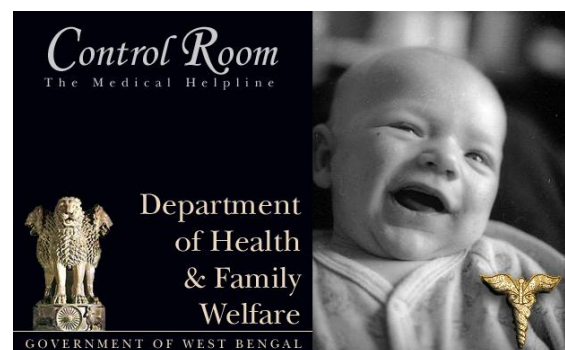

E-Governance Platform for Dept. of Health & Family Welfare, Govt. of West Bengal

on behalf of IIT Kharagpur

Our Engineers were in charge of the conceptualization & development of the prestigious Health Sector E-Governance Platform for Dept. of Health & Family Welfare, Govt. of West Bengal on behalf of IIT Kharagpur.

Govt. of West Bengal was recognized as the 1st State Government to successfully launch E-Governance Platform in the country.

Our Software wing has also Conceptualized & Developed the interactive software for the 24*7 Health Control Room of Govt. of West Bengal.

Inventory Control Solution

for Corps of Engineers, Indian Army

Based in the state of West Bengal, Engineering Storage Depot, Kankinara is the primary storage hub for all functional Engineering & Artillery Units under Northern & Eastern Commands of Indian Army. The depot stores a huge stock of over 50,000 components.

Our software wing took the privilege to develop a Client-Server based Automated Inventory Control Solution for the unit.

This software program is also reported to be 100% bug free & functional in its six years of life cycle.

Online HR Management Solution

for IICB, Kolkata (A unit of CSIR, Govt. Of India)

Indian Institute of Chemical Biology, Kolkata is an IIT Unit of India and recognized as a Centre of Excellence for Bio-Chemical Research in India. It is a unit of Council of Scientific & Industrial Research, Govt. of India.

Our Software wing has conceptualized & developed an Online Human Resource Management Solution for the organization which was implemented in the year 2006. This online app. is reported to be 100% bug free & functional till date.

Quality Control & Monitoring Solution

for Exide Industries Ltd.

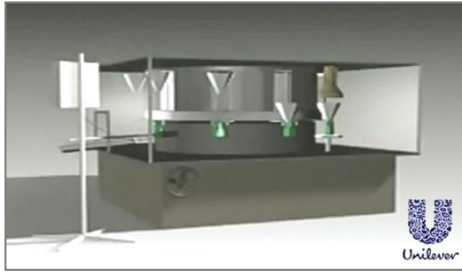

Our Software wing has conceptualized & developed Quality Control & Monitoring Solution for Exide Industries Ltd. This utility helps their manufacturing units to monitor & update periodic quality testing data in an organized manner and auto-generate ISO Standard QC MIS Reports & Documentations.

This software program is also reported to be 100% bug free & functional in its six years of life cycle.

Process Work Flow Animation & Structural Modelling

for Hindustan Unilever Ltd.

Our Graphics & Animation wing has received appreciation for developing Virtual Process Work Flow Presentation & Industrial Structural Modelling for many branches of Hindustan Unilever Ltd. like Haldia, Kolkata, Assam & Gorakhpur since 2007.

Many of our work have been awarded as best presentation in internal Continuous KAIZEN competition of HUL in Asia pacific region.

Dynamic Incentive & Loss Management Solution

for Hindustan Unilever Ltd.

Our Software wing has conceptualized & developed a Dynamic Incentive & Loss Management Solution for the organization. The system is integrated with the live Time-Attendance System.

It provides dynamic facility to design & update incentive calculation formulas as required by the production unites based on Variable Long Term Settlement with Employee Unions.

This system also provides direct interactivity with other centralized loss monitoring & localized payroll systems.

Virtual Modelling & Walkthrough Animation

for RITES Ltd.

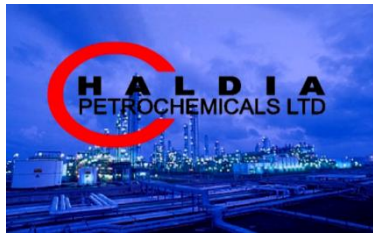

Our Graphics & Animation wing has received appreciation for developing Walkthrough Presentation & Virtual Structural Modelling for major Bridge & Flyover Construction Projects of RITES Ltd. like:

- Flyover Construction Projects in MCL Coalfield Area at Talcher, Orissa.
- Flyover Construction Projects in Visakhapatnam Port Trust Area, Andhra Pradesh.

Safety Video Documentary Presentation

for Haldia Petrochemicals Ltd.

Our Corporate Video Presentation development wing has successfully worked for Conceptualization, Storyboarding, Cinematography, Audio Dubbing & Post Production Editing of Safety Video Presentation for Haldia Petrochemicals Ltd.

The film was appreciated for its professional Digital Video quality output.

Safety Video Documentary Presentation

for Hindustan Unilever Ltd.

Our Corporate Video Presentation development wing has proved its excellence while working for Conceptualization, Storyboarding, Cinematography, Audio Dubbing & Post Production Editing of Safety Video Presentation for Hindustan Unilever Ltd., Kolkata.

The film was appreciated for its professional High Definition Video quality output & compact Storyboarding.

Interactive Study Material Designing & Development

for IMT, Ghaziabad

Our Non-linear Interactive Presentation development wing has designed & developed the Interactive Online Multimedia Course Materials for eMBA Program of IMT Ghaziabad.

Course Material of each individual subject incorporated high quality 2D Animations, Videos, Texts & Audios as per requirement with flexible user friendly interactive facilities.
